

Sulfonyl Chlorides

Used for the introduction of the sulfonyl functional group in the parallel synthesis of sulfonamides, sulfonates, and similar derivatives, these and many other sulfonyl chlorides are regularly manufactured at our laboratories. An extensive range of sulfonyl chlorides is listed along with over 33,000 other products in the complete Alfa Aesar catalog.

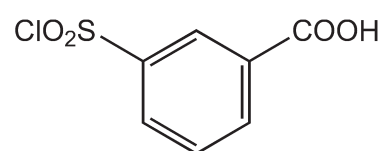

A15263

3,4-Dimethoxybenzenesulfonyl chloride, 98%
[23095-31-0]

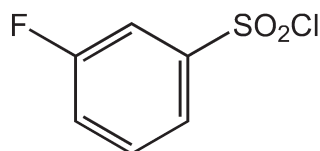

B24416

4-Iodobenzenesulfonyl chloride, 97%
[98-61-3]

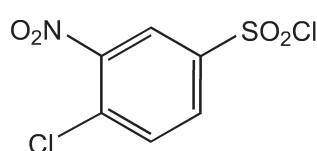

B22987

3-(Chlorosulfonyl)benzoic acid, 97%
[4025-64-3]

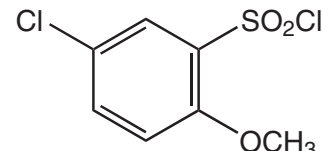

A13140

3-Fluorobenzenesulfonyl chloride, 98%
[701-27-9]

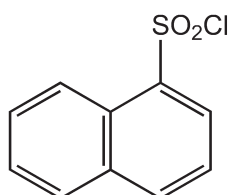

B21632

4-Chloro-3-nitrobenzenesulfonyl chloride,
98%
[97-08-5]

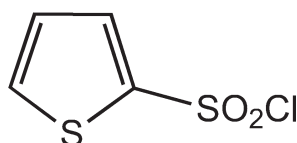

A14362

5-Chloro-2-methoxybenzenesulfonyl
chloride, 98%
[22952-32-5]

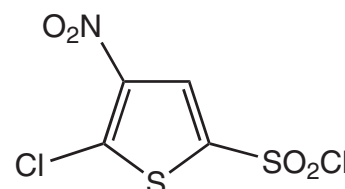

B24250

Naphthalene-1-sulfonyl chloride, 98%
[85-46-1]

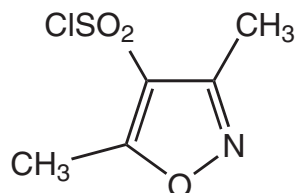

A15553

Thiophene-2-sulfonyl chloride, 97%
[16629-19-9]

A11779

5-Chloro-4-nitrothiophene-2-sulfonyl
chloride, 98%
[58457-24-2]

B20411

3,5-Dimethylisoxazole-4-sulfonyl chloride,
98%
[80466-79-1]
